

All's Fair

All's Fair is an original acrylic, mixed-media painting on Birch panel, measuring 24" x 18". It was created in 2024.

This piece was inspired by the Western comics genre published from the late 1940's through the 1950's. The genre reflected a romantic view of the wild west. The popularity of the comics started to wane as America dealt with cultural conflicts and Vietnam.

'All's fair in love and war' expresses the idea that, like war, where any strategy is accepted, affairs of the heart are also no-holds-barred contests.
